1. Introduction

This Magento 2 extension allows store owner to do mass action on catalog and shopping cart rule with mass enable/disable and mass remove actions.

By default Magento 2 doesn't provide an option to perform mass action on catalog and shopping cart price rule. To fulfill this requirement we at Shreeji Infosys creates this extension which allows the store owner to perform bulk shopping cart price rule and bulk catalog price rule action. After Installing this extension, you can easily update the status in mass action you can also perform mass delete operation.

Mass Cart/Catalog Rule Actions Features

- Mass enable/disable catalog price rule
- Mass enable/disable shopping cart price rule
- Mass removes a catalog price rule
- Mass removes shopping cart price rule
- Easy Installation and Ready to use
- Plug & play.

Standard Features

- Follow Magento2 coding standards for this extension.
- Follows Magento2 Extension Development Guideline.
- Compatible with Latest Magento 2 editions.

2. Mass Cart Price Rule Action:

The screenshot displays the 'Cart Price Rules' management interface. At the top, there is a search bar and a notification bell. Below this, a large orange button labeled 'Add New Rule' is visible. The main area features a search bar and a 'Reset Filter' link. A table lists two rules, with two records found and two selected. The table has columns for Actions, Rule, Coupon Code, Start, End, Status, Web Site, and Priority. The 'Actions' dropdown menu is open, showing options: Active, Inactive, and Remove. The table data is as follows:

Actions	Rule	Coupon Code	Start	End	Status	Web Site	Priority
<input type="checkbox"/>			From <input type="text"/>	From <input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
<input type="checkbox"/>			To <input type="text"/>	To <input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
<input checked="" type="checkbox"/>	1			--	Inactive	Main Website	0
<input checked="" type="checkbox"/>	2			--	Inactive	Main Website	0

Description:

After successfully installing this extension you can able to see mass action dropdown in shopping cart price rule action with checkbox selections. From this mass action you can able to perform mass delete and mass status update the shopping cart rule.

Mass Catalog Price Rule Action:

The screenshot displays the 'Catalog Price Rule' management interface. On the left is a vertical navigation menu with icons for Dashboard, Sales, Products, Customers, Marketing, Content, Reports, and Stores. The main header area includes a search icon, a notification bell, and a user profile 'admin'. Below the header is a bar with 'Apply Rules' and 'Add New Rule' buttons. The main content area features a search bar, a 'Reset Filter' link, and a table with one record. A dropdown menu is open over the 'Actions' column of the table, showing options: 'Active', 'Inactive', and 'Remove'. The table has columns for 'Actions', 'Rule', 'Start', 'End', 'Status', and 'Web Site'. The single record is: 1, 20% off all Women's and Men's Pants, --, Active, Main Website.

Actions	Rule	Start	End	Status	Web Site
<input type="checkbox"/>	20% off all Women's and Men's Pants	--	--	Active	Main Website

Description:

After successfully installing extension you can mass action dropdown in catalog price rule grid with checkbox selection. From here you can able to perform mass status update and mass remove operation for catalog rule.
