## 1. Introduction

This extension allows you to restrict cart Qty limit (Minimum/Maximum) based on customer group in Magento2.

In ecommerce store certain number of customer groups are available like General, Not Logged In, Retailer, Wholesale etc. and each customer group play vital role in sales orders. Very often store owner has requirement to limit cart Qty. based on customer group like Wholesale customer group minimum Qty should be 50 and Not Logged In customer group Maximum Qty limit should be 10 but out of the box Magento does not provide this important feature.

To keep in mind this Importance of this feature we at Shreeji Infosys developed this extension which allows you to restrict total cart Qty. limit based customer group so you can add Minimum/Maximum Qty. limit to certain number of customer group.

### **Restrict Cart Qty By Customer Group Features**

- Enable/Disable from backend
- Allow to set Minimum/Maximum Qty limit based on customer group
- Hide the Checkout button If cart does not satisfy the Total Qty limit and display a proper message
- Customers can not perform checkout If his/her cart Qty does not satisfy Minimum/Maximum Qty limit
- Also, customers can not add new product into the cart If the customer's cart has already Maximum Qty limit
- Store owner can set custom message from backend on Min/Max cart Qty limit
- Added language translation pack
- Support multi store and multi website
- Easy Installation and Ready to use.

### **Standard Features**

- Follow Magento2 coding standards for this extension.
- Follows Magento2 Extension Development Guideline.
- Compatible with Latest Magento 2 editions.

## 2. Restrict Cart Qty by Customer Group

The screenshot shows a configuration page titled "Min-Max Cart Qty On Entire Cart By Customer Group". On the left is a navigation sidebar with categories like Dashboard, Sales, Products, Customers, Marketing, Content, Reports, Stores, System, and Find Partners & Extensions. The main content area has a "Save Config" button in the top right. Below the title, there is an "Enable" dropdown set to "Yes".

The "Minimum Qty Allowed in Entire Cart" section contains a table with columns "Customer Group", "Minimum Qty", and "Action". One entry is visible for "NOT LOGGED IN" with a minimum quantity of 2. An "Add" button is located below the table.

The "Error Message On Min Qty" field contains the text: "The min qty in your cart you can purchase is -qty -qty will be dynamic".

The "Maximum Qty Allowed in Entire Cart" section contains a table with columns "Customer Group", "Maximum Qty", and "Action". Two entries are visible: "Wholesale" with a maximum quantity of 10, and "General" with a maximum quantity of 5. An "Add" button is located below the table.

The "Error Message On Max Qty" field contains the text: "The most qty in your cart you can purchase is -qty -qty will be dynamic".

### Description:

After successfully installing this extension you can be able to see new store configuration from Store > Configuration > Shreeji Infosys > Min-Max Qty on Entire Cart By Customer Group

### Enable:

Set Yes to enable and No to disable.

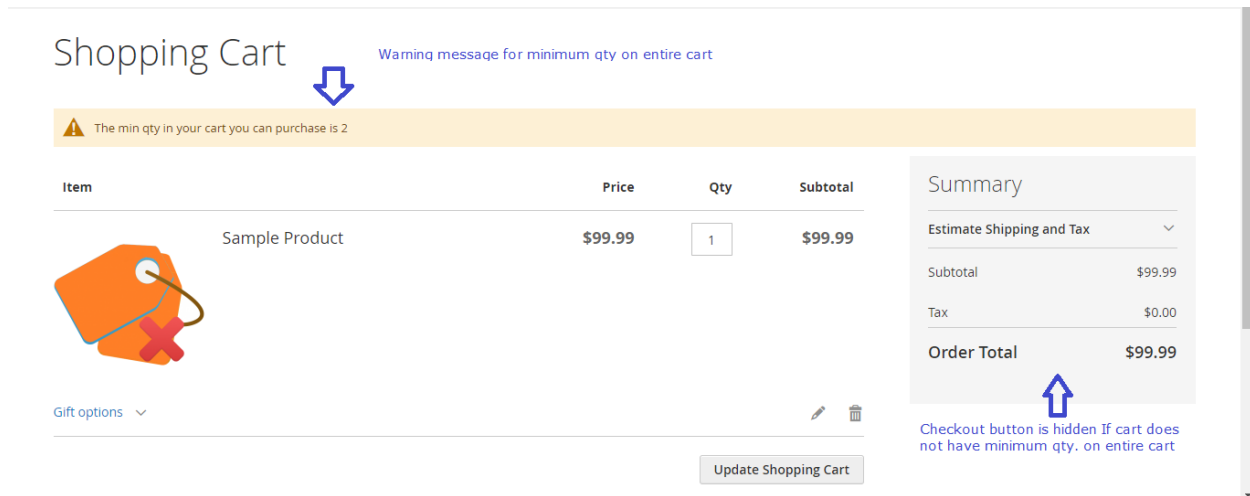

### Minimum Qty Allowed on Entire Cart

Set the combination of minimum qty limit with customer group

### Error Message on Min Qty

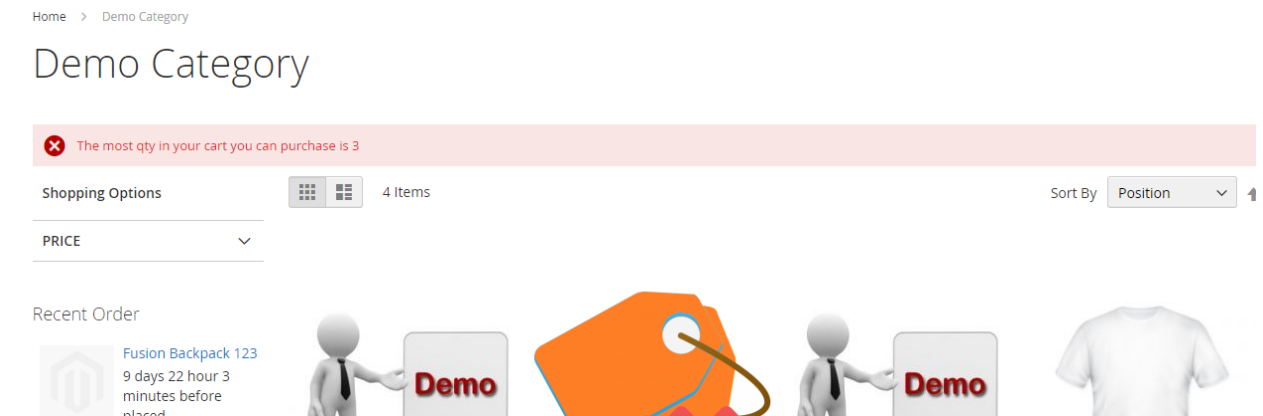

Set your custom error message on minimum qty limit where "-qty" would be dynamic

## Frontend:

## Description:
